“My world turned upside down after a car accident left me unable to work. I lost my apartment and fell behind on bills. Fortunately for me and my daughter, the Hebrew Free Loan Society’s loan helped me secure a new apartment, pay off debts, and get back on my feet.”

FOSTERING FINANCIAL STABILITY

The General Needs Loan program is designed specifically for borrowers who need financial assistance managing unexpected dips in income or spikes in expenses. These loans help borrowers meet a vast array of financial needs, including rent arrears, childcare and family assistance, moving costs, car purchase, home repair, medical expenses, and more.

General Needs Loans have become increasingly important as persistent inflation, rising interest rates, and a sluggish recovery for blue collar jobs exert enormous pressure on the finances of lower-income households. In FY23, the program grew by 21%, from \$6.2 million to \$7.5 million.

FINDING A NEW HOME

Every year, HFLS sets aside capital for emerging needs. In FY23, we dedicated these funds to meeting the housing needs of Ukrainian war refugees. Since the onset of the war in Ukraine in February 2022, over 30,000 new arrivals have sought refuge in New York. Many continue to face months of unemployment due to pending government work authorization, making it difficult to cover essential expenses like food and rent.

To address this pressing issue, HFLS launched a housing loan program for Ukrainian new arrivals to assist families rebuilding their lives and starting anew in the New York City area.

EMPOWERING ENTREPRENEURS

Nearly 90% of businesses in New York City have 20 or fewer employees, qualifying them as small businesses. Traditional banks typically avoid lending to new small businesses, and established lower-income entrepreneurs also struggle to secure expansion capital.

The HFLS Small Business Loan Program addresses this problem by providing lower-income New Yorkers with access to loans of up to \$50,000 to launch or expand their business. These 0%-interest loans spur economic growth, provide jobs to local residents, and strengthen economic opportunities in neighborhoods where the need is greatest. Over the past three years the Small Business Loan Program has grown by 120%, from \$2 million to \$4.4 million.

“After years of working in the corporate world, my pickle making hobby inspired me to change my career path. I left my job and risked everything to open Uncle Edik’s Pickles. With over 3,000 waitlisted orders, I was badly in need of capital to expand my operations. Thanks to an HFLS loan, I am exploring expansion into markets beyond NYC.”

— EDWARD
FOUNDER, UNCLE EDIK’S PICKLES
SMALL BUSINESS LOAN BORROWER

THE HFLS RIPPLE EFFECT

Since 2005, the Hebrew Free Loan Society has provided over 650 small business loans totaling more than \$19.7 million. 75% of the businesses that received these loans are still operating and continue to add jobs and value to their communities.

When HFLS extends an interest-free loan, we recognize that it has the power to transcend beyond one individual to foster the well-being of an entire community.

HFLS interest-free loans serve as pillars of stability and avenues of opportunity by creating jobs and offering services that reverberate throughout the diverse communities we serve spanning New York City, Westchester, and Long Island.

“As a health care provider focused on helping the local community, it was important that I open my clinic at the junction of Flatbush and Little Haiti in Brooklyn, where there is a need for access to quality health care. Thanks to my loan, I had the capital I needed to make that dream a reality.”

— DR. LOURDIE HONORÉ
SMALL BUSINESS LOAN BORROWER
FAMILY HEALTH NP SERVICES, P.C.

“The Hebrew Free Loan Society’s Fresh Start Loan program was a lifeline. It wiped out the high interest credit card debt that I had accumulated, and relieved my burden completely. Now I am on track to a stable future.”

– **DEBORAH**
FRESH START LOAN BORROWER

STARTING FRESH

HFLS Fresh Start Loans offer a unique form of debt relief, providing loans of up to \$20,000 to convert high-interest debt into a safe, affordable interest-free loan. Borrowers save thousands of dollars in interest, reduce their repayment terms, improve their credit scores, and achieve financial goals that would otherwise be out of reach.

All Fresh Start applicants are referred by a financial counselor at one of our four partner organizations: New York Legal Assistance Group, Neighborhood Trust Financial Partners, Restoration Plaza, and the Community Service Society’s Financial Coaching Corps.

The Program launched in July 2022 with an initial gift of \$1 million from a generous donor. Inspired by the immediate success of this program, the donor made an additional gift of \$2.5 million to assist more people and ensure long-term impact.

Repayments from outstanding loans will allow HFLS to make \$1 million in new loans per year, every year for the foreseeable future.

THE INTEREST-FREE LOAN MULTIPLIER EFFECT

Each dollar donated to the Hebrew Free Loan Fund Society is recycled many times over. Since its founding 1892, HFLS has provided over \$420 million in interest-free loans to more than 900,000 borrowers, as borrowers repay their loans, the same capital is loaned out again and again, multiplying the effect of donors' capital gifts over time.
